Vision and Mission

Vision

"Promoting international understanding through quality education."

Mission

- To inculcate the spirit of 'Vasudhaiva Kutumbakam' (the world is one family)
- To contribute towards knowledge generation and dissemination
- To promote ethical and value-based learning
- To foster the spirit of national development
- To inculcate cross cultural sensitization
- To develop global competencies amongst students
- To nurture creativity and encourage entrepreneurship
- To enhance employability and contribute to human resource development
- To promote health and wellness amongst students, staff & community
- To instill sensitivity amongst the youth towards the community and environment
- To produce thought-provoking leaders for the society

Why SIIB?

SIIB empowers its students to harness their potential strengths and inculcate corporate values through carefully structured coursework designed by collaborating industry professionals.

The diversity of programs with the pivotal fulcrum on International Business has created a unique synergy in the curriculum offered at SIIB. Besides bringing young and vibrant minds to the campus from diverse disciplines, SIIB also fosters a healthy exchange of ideas. SIIB trains young professionals to face the challenges of global commerce in the domestic as well as international arena. With a perfect mix of Certification courses like Six Sigma, ISO 50001, ISO 14001 by TUV Nord as well as domain-specific simulation training programs like Marketplace live, the students become well-equipped to face the challenges of the corporate world.

About Us

The year 1992 witnessed India opening up its doors to foreign investments and ushering in the liberalization of the economy. Understanding the significance of this landmark event, the Symbiosis Institute of International Business (SIIB) was set up to prepare managers and leaders for a growing India, in a growing world. With a pilot Programme for MBA in International Business (1992), the institute has continued the trend of keeping itself at par with the demands of the business world and this led to the introduction of an MBA in Agri-Business (2004) and an MBA in Energy & Environment (2009).

Learning at SIIB is imparted through guest lectures, industry and port visits, live projects, and specialized workshops conducted by industry professionals in addition to classroom studies. Students of MBA in International Business can specialize in one of the following - Marketing, Finance, Supply Chain Management, and Human Resources, depending on their aptitude and career choice. All specializations focus on domestic as well as international management practices. The students of all these programs participate in an 8-week-long summer project at a company in a sector of their choice to bridge the gap between learning and application.

In addition to this, SIIB has a number of student exchange programs that aim at providing students with an opportunity to gain a global perspective, under the lens of management.

Message from the Director's Desk

Dr. Asmita Chitnis
Director, SIIB

In the rapidly changing economic and business landscape, the need for managers with a global perspective and understanding of International Business has become even more important for modern-day organizations. We at SIIB always take pride in two things, first our international relations with various world-class universities. Second, a strong presence of our illustrious alumni working all across the globe in prestigious organizations. SIIB provides its students an environment that enables them to have a unique learning experience aiding in the development of strong conceptual and professional skills to conquer the business world outside. We welcome you to connect with us to experience the same where students are eager to contribute to the growth of your renowned organization.

MBA - International Business

SIIB's flagship program is the MBA in International Business. SIIB was one of the first B-Schools in the country to provide an MBA in International Business. The MBA in International Business is a two-year residential postgraduate degree program that prepares students for a fulfilling future in global business management. This curriculum prepares students for both domestic and international business environments.
